It is stated that the expenditure on the work is Rs 38,523/8/9/ and the E & P charges on the same amount to Rs 4815-7-0 It would have been well if the revised estimate had been sent by the Dy of P & P to Govt with information as to what the total E & P charges would amount to Govt have contributed half of the total expenditure for this work and it is for consideration if after the work is completed, the question of waiving the E & P charges may be taken up now would no doubt give time likely to the need of readjustment
